Month Day, Year

To the Electrical Engineering Hiring Team at my dream company,

I am Stephen Campbell and I am excited to apply for the Electrical Engineer Intern Position at my dream company. I was thrilled to see this posting on Handshake because I am extremely interested in this position, and I believe that my education and skills justify me as a strong candidate for this job.

I am interested in the position because of the mentioned "hands-on" approach. My goal is to bring a learning mindset to every problem and constantly improve through feedback. I believe directly working on circuit designs for my dream company is an amazing opportunity to do this.

Throughout my electrical engineering education at the University of Texas at Dallas, I have appeared on the dean's list twice and have an overall G.P.A of 3.99/4. I was an outdoor trip leader employed by University Recreation, and I volunteered with the Office of Student Volunteerism as an Alternative Spring Break Site leader. I believe my leadership skills and drive can be a useful asset to my dream company.

I have attached my résumé on Handshake, and I welcome the opportunity to discuss my skills, experience, and qualifications with you.

Best,

Stephen Campbell
